Gaining the Best of Canadian Culture While Preserving the Islamic Identity

February 1, 2016

Principal's Message

It is hard to believe that we are halfway through the school year! Staff and students have been working hard, and we see the success reflected in the high school results from first semester and in the regular assessments in our elementary classrooms. With hard work, and your continued assistance in supporting your child/children with homework, we know the last half of the year will also be a success!

Mrs. Nistor, Principal

Student Leadership Council

The past month in SLC was less busy because of high school exams. The SLC raised \$631.00 for the Citizens Foundation to help build schools in Pakistan. Thank you to the co-presidents Ibrahiem Essalah and Isa Haque for leading the challenge which resulted in Ibrahiem being taped to the wall.

For February, the SLC plans on doing another, "taco in a bag sale," on February 12th and we are setting up a high school reunion date. Although there will be fewer school days due to the February break, we plan on getting SLC organized and running again for the months to come!

MYSLC will be celebrating 100th day on February 12th by asking students to dress like they are 100 years old. Details regarding this will be sent out closer to the date.

Science Fair

This year, science fair will be held on Wednesday, March 2nd, 6:30 to 8:30 p.m.

We are still in need of at least 20 judges, so if you are interested in judging or have friends or relatives who are interested in judging, we need your help! No experience is necessary! In the past, we have had trouble finding enough judges. If we do not have enough confirmed judges by February 10, we will have no choice but to cancel our science fair. Please, help us to find enough judges to continue Regina Huda School Science fairs.

Judges are expected to be at the school between 6:30 – 8:30 that evening. Mrs. Spock will explain to all judges how to score the projects.

If you are able to judge science fair for us this year, please email Mrs. Spock at pamela.spock@rbe.sk.ca

Personal Property

From time to time, students bring their personal belongings, such as toys, electronics, and gadgets from home. Please have your child/children refrain from bringing these items to school. It interferes with teaching and learning and there is no need for personal belongings to be brought to school unless specified by the teacher(s). (example: show and tell) Keep in mind that the school is not responsible for the loss of any of these items.

Grade 7/8 Basketball

This year we were able to have a boys' basketball team. Thank you to Mr. Foreman for coaching the team! Below are the names of the students on the team:
We wish them luck in their season!

Debate

Some of our Huda School debaters will be participating in the Luther Tournament on Friday, February 5th. We wish them all good luck.

The Provincials will be held at the University of Saskatchewan in Saskatoon on February 27th. We wish good luck to all the debaters who will be attending provincials. We also are thankful for Ms. Mah, Ms. Keshane, Ms. Anderson and Dr. Buerger for their time and expertise in working with the debaters!

Important Dates: See calendar on the website.

Video Games

Many children come to school excited to tell the teachers about their new video games. Though the teachers have no issue with students playing them, a concern arises when students are playing games that has content not suited for children.

Below are the rating categories. Please ensure that children are playing games appropriate for their age. The violence, and killing in some games is unhealthy for younger children and leads children to think that the content viewed in the video games is acceptable behavior with other students.

Rating Categories

All video game cases show a rating. Make sure you look at the rating before purchasing a game because many video games are not suitable for children.

EARLY CHILDHOOD - Content is intended for young children. Examples are **Dora, Sesame Street, and Bubble Guppies.**

EVERYONE - Content is for all ages. The games may contain mild violence. Examples are **Lego games, Mariokart, and NBA.**

TEEN - Content is for ages 13 and up. The games contain violence, crude humor, blood, gambling and offensive language. Examples are **Guitar Hero, inFamous, and Battlefield.**

MATURE - Content is suitable only for adults ages 18 and up. The games contain intense violence, blood and gore, sexual content and offensive language. *Students should not have access to these games.* Examples are **Grand Theft Auto, Call of Duty, Medal of Honor, Halo, Assassin's Creed, and Fallout.**
